MAXIMUM HOURLY WAGE SUPPLEMENT FOR ECEs IN LICENSED CHILD CARE 2021

*PEI's top wage for ECEs with Level III qualifications was \$22.06 in 2021. Top pay for ECEs in Quebec is \$27.76. Source: Atkinson Centre 2021.

AVERAGE EXPENDITURES PER CHILD CARE SPACE AND PER CHILD IN SCHOOL 2020

The difference in educator wages is highlighted by funding inequalities. In all jurisdictions except Quebec, per space spending on child care is considerably less than what governments spend on a child attending school. Since labour costs make up 85% of both education and child care budgets, that differential is expressed in the earning gaps between educators working in licensed child care and those working in schools.

Building Blocks for Child Care

Non-profit, full service

Our mission is to expand and preserve accessible, affordable, high quality non-profit and public early learning and child care

Helping Community

We help community groups, existing non-profit and public child care organizations and governments

Building child care

We build new facilities or redevelop existing space to increase the availability of non-profit and public child care across Ontario.
